Valiant '72

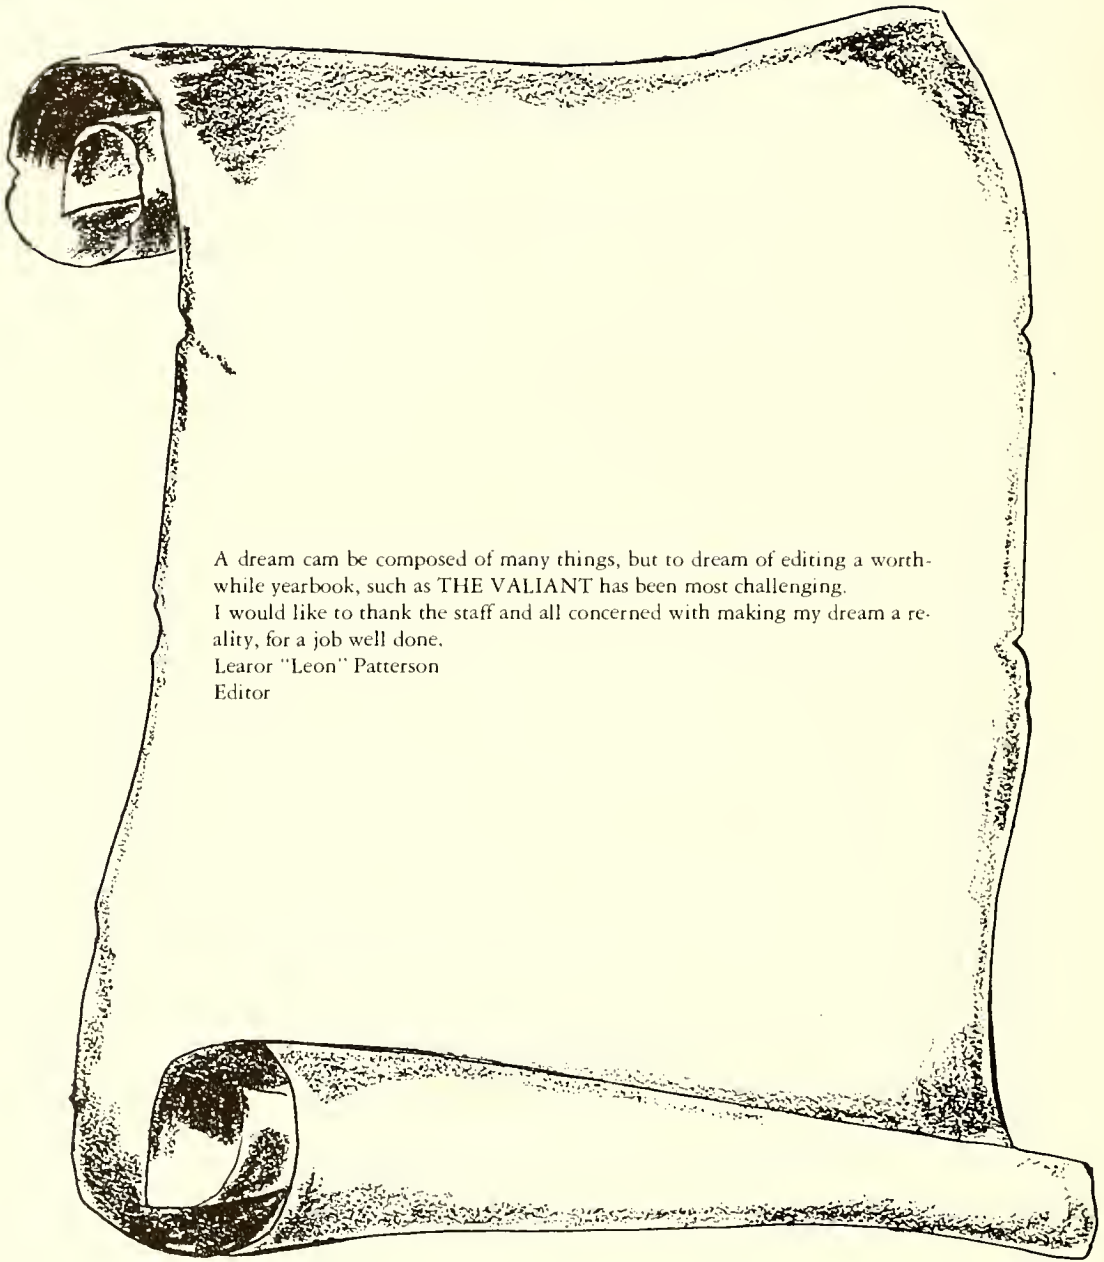

The 1972 Valiant is dedicated to YOU, the students of RTI

RICHMOND TECHNICAL IN

D
STITUTE

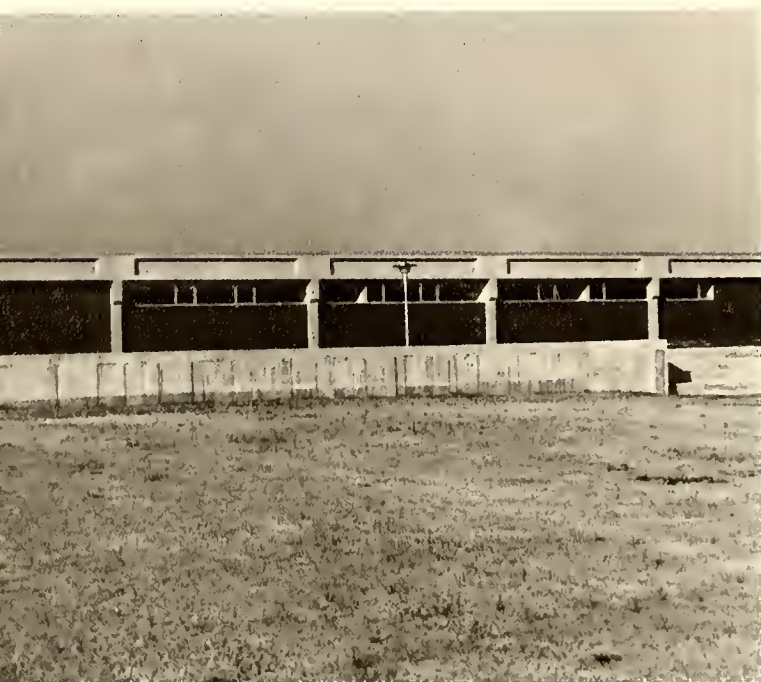

A dream can be composed of many things, but to dream of editing a worthwhile yearbook, such as THE VALIANT has been most challenging. I would like to thank the staff and all concerned with making my dream a reality, for a job well done.

Expanding . . .

Richmond Technical Institute is growing! This past spring the construction of a new building began on the RTI Campus. In it is housed the Student Lounge, Learning Lab, Vending Machine equipment, Automotive Mechanics shop, Bookstore, offices, and other additional classroom space.

Viewing the new building from the front lawn.

Looking 'round the bend from the highway, you are able to see the new building from the southwest angle.

Looking down the corridor into the Student Lounge.

From the tennis courts one is able to see the new building and all its beauty.

Within the main hall of the new building, one is able to gaze out and see the tennis courts and the surrounding woods.

President

President Joseph H. Nanney

Board of Trustees

The Board of Trustees, as the legal governing body of the Institute, is the legal owner of the institute property and has final responsibility for all actions which the institute takes. It grants academic degrees, approves requirements for degrees, and formulates other policies governing the operation of the institute. It approves new curricula, changes in regulations governing student life, and the annual operating budget of the institute and is responsible, as a corporation, for the financial solvency of the institute. The Board delegates to the President, and through him to his administrative officers, the responsibility for administering its policies.
